

Table of Contents

Program Operating Information	Pg 1-4
Checking for Software Updates	Pg 5-6
Creating a new folder in Windows Explorer	Pg 5-8
Windows Vista	Pg 7-8
Windows 7	Pg 8
Windows 8 & 10	Pg 9-10
Downloading from the Internet	Pg 11-13
Downloading the workbook files	Pg 14-15
Understanding the New Platform	
Layout and Editing Tabs, Icons and Tools (printable from CD too)	Pg 16-28
Customizing the Layout and Editing Screen and Quick Access Toolbar	Pg 29-40
Integrated Sewing Attributes Window basic lesson	Pg 41
Integrated Sewing Attributes Window Advanced	
Turning on and off windows on the screen	Pg 42-47
Docking, Undocking and Pining windows	
Using the Zoom and Pan Tools in Layout and Editing	Pg 48-52
Introduction to Digitizing Lingo and File Extensions	Pg 53
Concepts about Native File formats – READ BEFORE SKIPPING AROUND lessons	Pg 54
PE-DESIGN® Database	
Overview	Pg 55
Organizing Design files	Pg 56-58
Converting Designs into Different Embroidery Formats	Pg 58-59
Viewing Design Files in Realistic Preview	Pg 59-60
Viewing Thumbnails of Embroidery Designs	Pg 61
Printing Catalogs of Designs	Pg 62-63
Displaying Properties of a Design	Pg 63-64
Opening or Importing Designs from the Database into Layout and Editing	Pg 64
Importing a design into Layout and Editing by Dragging and Dropping from the Database into Layout and Editing	Pg 65-66
Opening a Design into Layout and Editing by Dragging and Dropping from the Database into Layout and Editing	Pg 65-66
Searching For Designs	Pg 66-67
Creating HTML files for designs	Pg 67-70
Creating CSV files for designs	Pg 70-71
Writing Multiple Designs to a Card	Pg 72-74
Sending Multiple Designs to a USB Stick	Pg 75-76
Sending Multiple Designs to the Embroidery Machine	Pg 77-79
Sending Designs via Link with a PR 1000/ Updated PR650	Pg 79-85
Preparing the Machine	Pg 90
Completing the Link in the Software	Pg 80
Sending Multiple Designs via Link	Pg 81-85

Table of Contents

Linking PR 650 and PR1000 Machines to PE-DESIGN®

Basic Link in Layout and Editing	Pg 86-87
Sending a Design via Link in Layout and Editing	Pg 87-93-
Sending Multiple Designs via Link from the Design Database	Pg 81-85
Using the Template Function with Link	Pg 93-95

Layout and Editing

Layout and Editing Wizard	Pg 96-97
Changing the Design Page Properties (Selecting a Hoop) and Fabric Selector	Pg 98-102
Editing User Hoops (Creating your own Hoop)	Pg 103-104
Turning On and Off the Page Ruler	Pg 105
Selecting System Unit	Pg 106-107
Inserting and Using Guidelines	Pg 108-109
Importing Designs	Pg 110-118
Importing Preprogrammed Embroidery Cards	Pg 110-113
Importing a Design from Design Library	Pg 113-115
Importing a Design from a File on the Computer	Pg 115-118
The Sewing Order Window	Pg 119-133
Selecting embroidery elements	Pg 119-122
Changing the Color of embroidery elements	Pg 123-125
Changing the Order for embroidery elements	Pg 125
Locking Embroidery elements	Pg 126-128
Hiding an Embroidery element	Pg 129-130
Turning on and off Thread Trims	Pg 131-133
Adding a Basting Stitch to a Design	Pg 134-136

Lettering

Adding Text to a Design	Pg 137-141
Adding Text With the Wizard	Pg 142-148
Adding an Outline to Text	Pg 149-152
Placing Text on a Circle	Pg 153-161
Method 1	Pg 153-158
Method 2	Pg 158-161
Sizing Text	Pg 162-163
Applying Under sewing to Text Beginner Mode	Pg 164-165
Using the Fabric Selector	Pg 166-168
Applying Under sewing to Text Expert Mode	Pg 169-171
Applying Density Changes to Under Sewing	Pg 172-173
Changing the Type of Stitch for Text	Pg 174-177
Changing the Density for Text	Pg 178-179
Vertical Text	Pg 180-181
Placing Text on a Corner	Pg 182-186
Placing Text on a Curved Line	Pg 187-193

Table of Contents

Arcing Text	Pg 194-203
Fit Text to Path Method	Pg 194-200
Transform Text Method	Pg 200-203
Transforming Text	Pg 204-209
More Text Effects	Pg 210-218
Changing the Spacing/Kerning of lettering	Pg 210-212
Changing the size of individual letters	Pg 212-214
Changing the Style of individual letters	Pg 214-215
Changing the Vertical Offset of letters	Pg 215-216
Rotating letters	Pg 217-218
Applique Lettering	Pg 219-231
Using the Font Filter	Pg 232-234
Entering Multiple Lines of Text	Pg 235-238
Using the Small Text Feature	Pg 239-240
Using True Type Fonts	Pg 241-249
Adding an Outline to True Type Fonts	Pg 242-245
Using Wing Dings	Pg 246-247
Changing the Attributes of True Type Fonts	Pg 248-249
Converting Text to an Outline	Pg 250-252
Setting Hole Sewing to an Area with Text on Top	Pg 253-260
Using 2-Byte Characters	Pg 261-266
Using User Designed fonts (UD fonts from Font Creator Program)	Pg 1014-1015
Using the Monogram Feature	Pg 267-271
Digitizing Embroidery Foam Text	Pg 272-274
Using the Name Drop Feature Part1	Pg 275-290
Using the Name Drop Feature Part2	Pg 291-293
Importing a CSV file Into the Name Drop Fields	Pg 294-299
Using the Template Feature	Pg 300-303
Converting Lettering to Blocks	Pg 304-313
Design Center	Pg 314-428
PE-DESIGN® 10 File Extensions	Pg 314
Design Center Icons	Pg 315-321
Scanning an Image	Pg 322
Design Center Wizard	Pg 323-324
Creating a Design in Design Center	Pg 325-350
Sending the Design to Layout and Editing	Pg 349-350
Changing the Design Page Property in Layout and Editing	Pg 351
Using the Different Outline Stitches in Design Center	Pg 352-361
Using Fabric Settings in Design Center	Pg 362-364
Setting Hole Sewing	Pg 365-387
Changing Colors and Writing to a Card	Pg 388-391
Changing the Design Page Size	Pg 392-397
Using the Detect Outlines Function	Pg 398-400

Table of Contents

Erasing Artwork in Design Center	Pg 401-404
Setting up a Grid in Design Center	Pg 405-412
Setting up a Grid in Layout and Editing	Pg 413-416
Applying Textured Fills in Design Center	Pg 417-428
Programmable Stitch Creator	
Programmable Stitch Creator Ribbon, Tools and Icons	Pg 429-430
Creating a Programmable Fill Stitch	Pg 431-433
Using Programmable Fill Stitch	
Design Center	Pg 434-442
Layout and Editing	Pg 442-446
Creating an Embossed or Engraved Stamp	Pg 447-452
Applying Stamps	Pg 453-459
Design Center	Pg 453-457
Layout and Editing	Pg 457-459
Creating Motif Fill Stitches	Pg 460-463
Using Motif Stitches	Pg 464-512
Design Center	Pg 464-480
Layout and Editing	Pg 481-
Applying a Motif to a Fill Area	Pg 481-486
Offset Function for Motif fill areas	Pg 487-490
Applying a Motif to a Line or Outline	Pg 490-494
Offset Function for Lines and Outlines	Pg 495-498
Applying a Motif Stitch to a Stippling Stitch Fill	Pg 498-501
Applying a Motif Stitch to the Outline of a Letter	Pg 502-505
Applying a Motif to a Straight or Curved Line	Pg 505-507
Applying a Motif Stitch to Manual Punched areas	Pg 507-510
Applying a Motif Stitch to a Piping Stitch	Pg 511-512
Applying the Different Stitches	
Applying a Cross Stitch Fill in Design Center	Pg 513-517
Applying a Cross Stitch Fill in Layout and Editing	Pg 517-519
Applying a Stippling Stitch in Design Center	Pg 520-523
Applying a Motif to a Stippling Stitch	Pg 523-525
Creating a Background area to Apply Stippling	Pg 526-530
More Stippling Motif Changes	Pg 530-534
Applying a Stippling Stitch in Layout and Editing	Pg 535-544
Basics	Pg 535-537
Applying a Motif to the Stippling Stitch	Pg 538-544
Applying a Concentric Circle in Design Center	Pg 545-548
Applying a Radial Stitch in Design Center	Pg 548-551
Applying a Spiral Stitch in Design Center	Pg 551-552
Applying a Concentric Circle in Layout and Editing	Pg 553-555
Applying a Radial Stitch in Layout and Editing	Pg 555-556
Applying a Spiral Stitch in Layout and Editing	Pg 556-557

Table of Contents

Design Center Expert Mode Sewing Attributes	Pg 558-569
Saving your Personal Sewing Attribute Settings in Design Center	Pg 570-572
Changing the Sewing Order in Design Center	Pg 573-575
Using the Stitch Simulator in Design Center	Pg 576-577

Layout and Editing

Creating a Textured Fill Sample (Step Pitch and Frequency Sample)	Pg 578-582
Applying a Piping Stitch	Pg 583-587
Applying Net Fills and Net Zigzag Fills	Pg 588-601
Applying Net Fills	Pg 588-596
Applying Net Zigzag Fills	Pg 596-601
Applying the Different Outline Stitches	Pg 602-
Applying a Zigzag Stitch Outline	Pg 602-604
Applying a Running Stitch Outline	Pg 604-606
Applying an E-Stitch or a V-Stitch Outline	Pg 607-610
Applying a Triple Stitch Outline	Pg 611-612
Applying a Stem Stitch Outline	Pg 612-616
Applying a Candlewicking Outline	Pg 616-620
Applying a Chain Stitch Outline	Pg 620-623
Choosing a Cutting Line instead of an Outline for a PR with the cutwork upgrade installed	Pg 623-625
Viewing and Editing Design Property Information	Pg 626-630
Printing Templates and Design Information	Pg 631-633
Printing Templates for Print and Stitch	Pg 633-636
Selecting the Sewing Area	Pg 637
Aligning and Center Designs in Layout and Editing	Pg 638-642
Numerical Settings	Pg 643-645
Sizing by Numerical Settings	Pg 643-644
Rotating by Numerical Settings	Pg 644-645
Sizing with the Control key	Pg 646-648
Using the Ruler	Pg 649-650
Turning on and Off Tread Trims	Pg 651-654
Part 1-Setting up the Machine	Pg 651
Part 2-Setting the Thread Trims in PE-DESIGN®	Pg 651-654
Using the Stitch Simulator in Layout and Editing	Pg 655-657
Using the Circle Copy Tool	Pg 658-670
Using the Mirror Copy Tools	Pg 671-673
Using the Matrix Copy Tool	Pg 674-679
New Paste Options	Pg 680-685
Divide by Color	Pg 686-688
Divide by Color, Split Stitches and Convert to Blocks	Pg 689-691
Converting to Stitches	Pg 692-694
Converting to Blocks	Pg 695-704
Converting to Outline	Pg 705-709
Split Design at Point	Pg 710-712

Table of Contents

Opening and Image File/Artwork in Layout and Editing	Pg 713-716
Rotating an Image File	Pg 716-717
Grouping and Ungrouping Design Elements	Pg 718-722
Converting a .thr Thread chart to Import into the Thread Charts	Pg 723-728
Importing a btc and CSV File into the Thread Charts	Pg 729-731
Creating, Editing and Using a Thread Chart	Pg 732-739
Saving your Personal Sewing Attributes in Layout and Editing (Adding to the Fabric Selector)	Pg 740-741
Appliqué Wizard	Pg 742-751
Embroidered Patch Wizard	Pg 752-754
Stippling Around a Design	Pg 755-758
Embroidering Lettering on Towels and Items with a High Nap	Pg 759-761
Cutwork Wizard	Pg 762-769
Creating Floral Patterns (Spiral Designs)	Pg 770-774
Creating Offset Lines (Echoing Lines)	Pg 775-781
Auto Digitizing	Pg 782-809
Basic Auto Digitizing	Pg 782-792
Adding a Mask Outline	Pg. 792-800
Auto Digitizing and the Create Lines Function	Pg 800-805
Auto Digitizing with Black and White Artwork (scanned images)	Pg 805-809
Importing from a Vector File (.wmf, .emf & .svg file Processing)	Pg 810-814
Embossing and Engraving from Lines and Shapes	Pg 815-819
Cross Stitch Feature	Pg 820-833
Color Cross Stitch	Pg 820-827
Gray Scale and Sepia Cross Stitch	Pg 827-833
Split Stitch Tool (Removing Parts of a Design)	Pg 834-840
Removing Overlaps with the Split Stitch Tool	Pg 841-843
Split at Outline Function	Pg 844-849
Set Hole Sewing in Layout and Editing	Pg 850-856
Removing Overlaps in Layout and Editing	Pg 857-859
Merging Patterns in Layout and Editing	Pg 860-861
Using the Manual Digitizing Tools in Layout and Editing	Pg 862-894
Rectangle	Pg 862-863
Rounded Rectangle	Pg 863-864
Changing Stitch Types	Pg 864-865
Circle Tool	Pg 865-866
Closed Arc Tool	Pg 866-867
Arc Tool	Pg 867-868
Fan Tool	Pg 868
Changing Entry and Exit Points	Pg 869-870
Other Shape Tools	Pg 870-872
Closed Straight Line and Closed Curved Line Tools	Pg 872-877
Open Straight Line and Open Curved Line Tools	Pg 878-880
Pencil (Open Curve) – Free Line Tool	Pg 881-882
Pencil (Closed Curve) –Free Line Closed Area Tool	Pg 882-883

Table of Contents

Manual Punch Tools	Pg 883-890
Feathered Edge	Pg 890-894
Expert Mode Sewing Attributes for Regions	Pg 895-901
Edit Point Tools for Curved Outlines	Pg 902-907
Digitizing for Embroidery Foam	Pg 908-914
Adding Shading to a Design	Pg 915-924
Print and Stitch	Pg 925-941
Photo Stitch	Pg 942-986
Photo Stitch 1 Color	Pg 942-961
Photo Stitch 1 Sepia	Pg 962-967
Photo Stitch 1 Gray Scale	Pg 967-970
Photo Stitch 1 Mono	Pg 970-975
Photo Stitch 2 Color	Pg 976-981
Photo Stitch 2 Mono	Pg 982-986
Setting up a Custom Hoop	Pg 987-990
PR1000 Jumbo Hoop Setup	Pg 991-992
Using the Stitch Simulator with a Custom Hoop and Jumbo Hoop Design	Pg 993-994
Font Creator	Pg 995-100
Font Creator Ribbon, Tools and Icons	Pg 995-998
Using the Font Creator Program	Pg 999-1013
Using User Design/Defined Fonts	Pg 1014-1015
